

HOKA ELEMENTARY

HOKA Elementary is a membership program that offers monthly enrichment resources for Montessori elementary classrooms and homeschools. It includes themed printables, curated book lists, project and craft guides, and monthly video lessons to help you be the prepared adult you want to be.

WHAT YOU GET

In the HOKA Club, there are 4 key areas of content:

- **Themed printable resources** specifically curated for the Montessori elementary classroom/homeschool. We cover topics such as follow-up to the Great Lessons and different themes in science, geography, and more!
- **Book lists** that cover fiction and nonfiction recommendations aligned to each theme.
- **Project/craft guides** to show different extensions to the themes we are covering. Get access to creative crafts, beautiful art invitations, and hands-on projects that you can set-up for your students to explore the thematic units in a fun and engaging way.
- **Video learning** where you will receive guidance from experienced Montessori guide Kelly Johnson in the form of a new video lecture, released monthly. Explore relevant topics, such as Cosmic Education, Observation, and more!

WHAT TO EXPECT WHEN YOU JOIN THE HOKA CLUB?

Engaging Activities: Say goodbye to hours of searching for quality materials and follow-up ideas. You'll unlock unique hands-on crafts and projects, engaging fiction and nonfiction book lists, and a variety of themed, educational printables for a range of levels—the resources you need at your fingertips so you can be the prepared adult.

Cosmic Education: Ignite imagination and the reasoning mind of the second plane child with resources aligned with Montessori's Cosmic Education philosophy. Help your students explore the interconnectedness of all life.

Guidance from an Expert: Receive monthly video lectures from experienced certified Montessori guide Kelly Johnson. Kelly has more than 27 years of experience and is a certified AMS Montessori guide. Elevate your elementary teaching and adult preparation with her video content.

THERE'S STILL MORE...

That's not all!

The HOKA Elementary Club has been developed to be a community. We are here to help you have a successful school year.

Our Facebook group is a fun place to ask questions, get expert advice from the community, share additional resources, participate in giveaways, and more!

We care about your opinions and feedback.
We understand the challenges you face as educators.
HOKA is not just a resource; it's a supportive community.

ANNUAL PLAN

- When you join the annual plan, you will have immediate access to 12 themes.
- The themes are:
 - Great Lesson 1: Universe, Geology, Geography, Great Lesson 2: Coming of Life, North America, Ecology, Rainforest, Botany, Europe, and Great Lessons 3 to 5 extensions, Boreal Forests, and Weather
- After one year in the Club, you will be charged again. At this time, you will unlock 12 additional new themes.
- You will maintain access to all materials as you unlock more themes—as long as you remain a paying member.

MONTHLY PLAN

- When you join the monthly plan, you will have immediate access to Theme 1: Great Lesson 1 extensions.
- After 30 days, you will unlock the second theme: Geology.
- New content will be released every 30 days. You will also be charged every 30 days.
- You will maintain access to all prior months so long as you remain a paying member.
